

Fields used in HOVI for the Study in NL database

For the Study in NL Studyfinder database: <https://www.studyinnl.org/dutch-education/studies>, we use the information that is provided by institutions in HOVI. We use this information for publication in our database. When the information is provided, it is visible on our website the next day.

The following tables give an overview of the fields in HOVI that are used for publication.

Hovi products editor
