

Fields used in HOVI for Studyfinder

For the Studyfinder database: <https://www.studyinnl.org/dutch-education/studies>, we use the information that is provided by institutions in HOVI. We use this information for publication in our database. As soon as the information is provided, it is visible on our website the next day.

The following tables give an overview of the fields in HOVI that are being used for publication.

In the HOVI editor you can filter on 'www.studyinnl.org' to see all the fields that we are using for publication in Studyfinder.

Hovi products editor
